

Make Justice Your Legacy

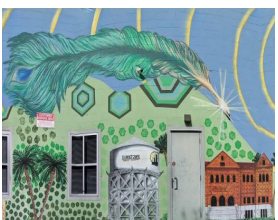

Since 1958, Community Legal Aid SoCal (CLA SoCal) has strived to provide equitable, compassionate, and effective access to the justice system for underserved and under-resourced communities.

Our endeavor has not been without challenges. We have overcome economic recessions, navigated an ever-changing legal landscape, and survived a global pandemic.

However, the challenges we have conquered are nothing like the threats our underserved communities now face – and will continue to face – as the housing crisis, domestic violence, widening wage gap, and costly healthcare system impact an unprecedented number of people.

For more than 60 years, CLA SoCal has remained dedicated to fighting injustice by providing compassionate, high quality legal aid and advocating for stronger communities. Whether through counsel and representation, clinics and workshops, or impact advocacy, we are *always* working to address the needs of our clients and the issues facing our community.

Our staff help clients stay in their homes, protect their families, preserve their income, and access healthcare and our community looks to CLA SoCal to provide legal assistance and education in a complex system. We recognize our strength and responsibility to remove barriers and structural hurdles that block or limit access to justice for low-income people. And we embrace our ability to be accessible to the communities we serve.

Together, we will build on our legacy to advance the justice, equity, and access our community members require – and deserve – to live safe, healthy, and prosperous lives.

With your support, we will:

- Reduce the unmet legal needs for low-income individuals;
- Support the notion that justice cannot be achieved without fair and equitable access to the civil legal system;
- Ensure continued provision of trauma-responsive, holistic legal services for clients who need us the most;
- Increase utilization of our services, especially in low-income, communities of color; and
- Advance positive systemic change and societal equity.

The law is at the center of every critical issue facing our society. Our community needs us. And we need you. **Make justice your legacy** and support the work of our attorneys, paralegals, and case managers. Together, we will ensure equal access to justice for our community's most vulnerable members.
